The New Vibraphone VB 500

Player's Dream "The new SONOR VB 500 Vibraphone offers excellent sound quality and a variety of features which make it truly unique among mallet instruments. The VB 500 incorporates several much-needed modifications on the traditional vibraphone design. Features such as extended range (e to g^{'''}), adjustable height, rattle-free shock mounted frame and resonators, silent motor operation, and ease of assembly, packing and shipping make this instrument a vibraphone player's dream come true."
